Note: This is a very broad rider which can and will always be altered once a show is settled with the knowledge of and in collaboration with the organizing team.

Note: I am a bedroom producer, hence I don't have a fixed band. Professional musicians will be chosen for each show or set of shows in case of "VERSION 2", this is why the rider does not have specific names or equipment. Any updates or changes will be communicated with the venue or festival team ahead of time.
